

Audiovisual Integrator Assistant

About Us

We are a tight-knit, privately held team of creative AV integrators with theatrical background founded in 2014. Our main business is high end AV system design, installation, and service for commercial venues. We are located and operate in Chicago, IL.

General Overview

This is an excellent hands-on opportunity for individuals interested in learning about high-end integration of lighting, sound, and video equipment for commercial venues. You will be working with experienced professionals in custom AV integration in some of Chicago's leading entertainment and venues, restaurants, and nightclubs, as well as theaters and churches. Great opportunity for college students interested in getting started in the audiovisual field.

Job Description

- Help with preparation for installations including loading van, organizing shop, and unloading equipment at client's site
- Under the supervision of the Project Manager and the Lead Designer, assist with installations (pulling wire, creating terminations, building racks, hanging sound, lighting and video equipment)
- Regularly and clearly update supervisor with progress, issues, and questions on all active projects
- Submit job reports

Job Requirements

- Interest and/or experience with audiovisual systems
- Ability to work on one's feet for long shifts (Climbing ladders, confined spaces, loud/dirty/dusty/hot environments)
- Ability to regularly lift loads up to 50 pounds, occasionally loads up to 75 pounds
- Valid US Driver's License, a plus but not required
- Must have a reliable smartphone
- Ability to show up with a positive attitude, on time, and prepared
- Ability to interact respectfully with team members, clients, and other trades
- May not resort to any type of violence, discriminatory or harassing behavior

Experience, Skills, Traits Needed

- Basic technical knowledge of distributed audio and video systems, speakers, amplifiers, video projectors/screens or consumer electronics
- Good listener and willingness to learn
- Flexibility to work weekday shifts during business hours

-
- Exceptional organizational, documentation and labeling skills
 - A desire to always be learning, improving, and honing skills

Compensation & Hours

*This is a temporary position with a flexible schedule and opportunities for growth. Number of hours will range from 8-15 per week.

Compensation is \$15/hour and may be higher depending on the quality of the application.

To apply, please send your resume as well as a short cover letter stating why you would like this opportunity through the “Careers” section of our website craftlighting.co
